## Hotel Weissenstein

---

Category: Hotel

Year: 2020

Type: New building

Brand: RWD Schlatter

Architect: Baulink AG

Building promoter: Baulink AG

---

We are delighted to be able to contribute to the characteristic ambience of the Hotel Weissenstein with our high-quality doors.

This is why the SoundStar doors from RWD Schlatter were used here. In the basement floors, on the other hand, UniStar doors were built in, which perfectly meet the requirements for fire and/or burglary protection. All the door leaves were delivered by RWD Schlatter fully lacquered and within a record-breakingly short time period: only five months passed between planning and production

## Products

### Functional doors

Functional doors must meet the highest requirements in terms of security, smoke, fire, sound, burglary, climate and escape route protection, while also being aesthetically pleasing. At RWD Schlatter, we combine innovative technology with precise workmanship and high-quality design. Whether for homes, offices or public buildings: our doors offer tailor-made solutions for every requirement. You can rely on Swiss quality that perfectly combines functionality and aesthetics.
