# Salmenpark - Central living on the Rhine

---

Category: Residential construction

Year: 2017

Type: New building

Brand: RWD Schlatter

Architect: atelier ww Architekten SIA AG

Building promoter: PSP Swiss Properties AG

---

On the south bank of the Rhine in Rheinfelden, the former site of the Cardinal brewery, formerly Salmenbräu, has been redeveloped with apartments, stores, offices and apartments for older people. In particular, the Malzturm tower has been maintained, in which nine spectacular lofts have been created. In the former Waldhaus, residential studios were created suitable for living and working under one roof.
